Pass code: GYA2025AGM (please do not share pass code)

The Conference - an introduction

Every AGM is accompanied by an International Conference of Young Scientists, which is open to a more public audience beyond only GYA members. The Conference addresses topics of global relevance from a scholarly perspective, and

invites local and international experts and science policy stakeholders to take part.

The 2025 topic “Confluence of Visionaries: Empowering Science for Global Change” aligns with the many facets of the city of Hyderabad, an academic, IT, and pharmaceutical hub.

The Conference - daily highlights

INNOVATION & ENTREPRENEURSHIP: GLOBAL LANDSCAPE

10 June 2025 - This session will look into the evolving global landscape of innovation, emphasizing the intersections between academia, industry, and social impact. With a particular focus on bridging the divide between theoretical frameworks and practical applications, the discussions aim to re-conceptualize how education and entrepreneurial endeavours can synergize to address the pressing needs of the next billion individuals worldwide. In addition to academic entrepreneurship, the session will look at institutional factors that drive innovation and foster sustainable growth such as mentorship, funding mechanisms, policy and networks.

HEALTH AND NUTRITION FOR GLOBAL WELLNESS

10 June 2025 - Discussions will illuminate critical challenges – such as childhood obesity, water quality, digital health, mental health, and emerging diseases – and pioneering solutions, aiming to inspire actionable strategies that pave the way for equitable, inclusive, and sustainable global wellness.

INDUSTRY 5.0: AUGMENTING HUMAN-MACHINE INTERFACE

11 June 2025 - The focus of this session will be on the advent of Industry 5.0, which ushers in an era of harmonious synergy between human ingenuity and advanced machine intelligence. This paradigm shift redefines frontiers of innovation across pivotal sectors such as healthcare, education, and manufacturing. This session will address the transformative potential of Industry 5.0, underscoring its capacity to amplify human capabilities while navigating critical challenges. Central topics will be sustainability and ethical considerations, implications for medicine and diagnostics, and for education.

BUILDING AWARENESS ON ENVIRONMENTAL, SOCIAL & GOVERNANCE (ESG) IN A GLOBAL CONTEXT

11 June 2025 - This session will focus on key global environmental, social and political challenges, spotlighting strategies that promote sustainability and resilience. Topics will include education on environmental policies, public initiatives to implement circular economy practices, and guidelines for environmental and socially sustainable industry.

Please check out our full programme for more information and highlights planned for the AGM and conference: [AGM and Conference Programme 2025 - Annual General Meeting and International Conference](#)

The Conference - meet the host

INDIAN NATIONAL YOUNG ACADEMY OF SCIENCES (INYAS)

Currently, INYAS has approx. 100 members

INYAS was the first recognised young scientist academy of India. INYAS was founded by the INSA council in December 2014 with a vision to promote Science education and networking among young scientists at national as well as international level. INYAS provides a platform to exchange ideas, initiate discussions on scientific topics, collaborations among the new generation of

scientists and to make the voices of the young researchers be heard by senior academicians and policy makers of the country. Read more here [About Us – INYAS](#)

INDIAN INSTITUTE OF TECHNOLOGY HYDERABAD (IITH)

The IITH is a premier institute of science and technology established in 2008. IITH has been consistently ranked in the top 10 institutes in India for Engineering according to NIRF making it one of the most coveted schools for science and technology in the country.

Your visa for India

The first and most important step is: [Register](#). If you haven't done so yet, register for the AGM as soon as you can, using the passcode **GYA2025AGM** (please don't pass this code on).

Find detailed visa info on our website: [Travel & Visa - Annual General Meeting and International Conference](#)

Contact us if you have questions and keep a lookout in your inboxes. Office might contact you proactively.

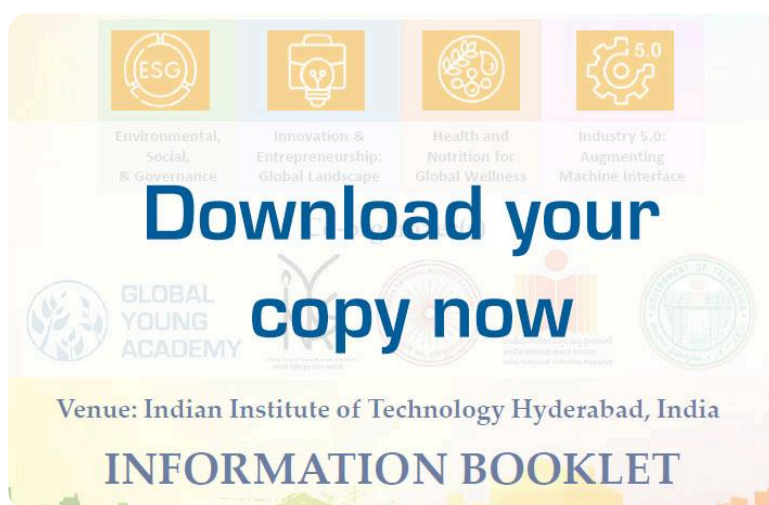

Registering for the AGM will allow you to obtain the necessary documents.

Information Booklet

INYAS has kindly prepared a digital information booklet that contains **all information you might need for your trip to Hyderabad**. It includes the programme, information on transportation,

You can find the booklet on the AGM website under the Ticker section [here](#).

accommodation, weather, locations of interest in the vicinity of the conference location and more.

Reminders

REGISTER

To take part, you need to register in advance using the following link:

[Member and Alumni Registration for the Global Young Academy's 2025 Annual General Meeting and International Conference of Young Scientists — Global Young Academy.](#)

If you have done all the things listed, ignore this section.

TRAVEL CO-FUNDING

If you would like to apply for travel co-funding (where GYA will cover a part of your expenses) please use the following link. Note that you need to apply ASAP as travel co-funding is granted on a first come-first served basis and funds are limited.

[Co-funding - Annual General Meeting and International Conference](#)

RESEARCH TALK

Would you like to use your chance to present your research field or a successful project to your fellow GYA members and conference guests? Then do not hesitate and follow this link to find out how to submit an abstract for a Research Talk.

STILL UNSURE? GET INSPIRED

Travel often goes hand in hand with an incredible amount of organisation. Busy schedules need to be shifted, away times needs to be prepared. So the question might just be: Why attend?

This is why we asked some of your fellow (former) members who have attended the 2018 and / or 2019 AGMs in person. Here you will find their full contributions to read up on.

[Inspiration: Come to the AGM. Attend in person. - Annual General Meeting and International Conference](#)

Welcome to India

MISC ITEMS FOR YOUR TRAVEL PREPARATION

There are several travel e-sim service providers by now (eg <https://maya.net>) to easily upgrade your mobile with a local sim card for easy internet access. Note that the IIT in Hyderabad will provide WiFi access.

The Indian currency is the Indian Rupee and one Indian Rupee equals 100 Paise. The abbreviations for the Indian Rupees are INR or RS or the sign ₹ is used to refer to the currency. Please note that the maximum amount of money that can be withdrawn is 10.000 Rupees a day at most ATMs.

Credit and Debit cards are also widely accepted as a payment method in bigger supermarkets, restaurants, bars etc. Note that street stands, market vendors and rickshaw drivers etc. will quite likely reject credit cards so having some cash ready is always a good idea.

Thank you for your time. Remember that at this point, registration for the AGM is the most important piece of preparation. If you have questions about the visa process, are unsure or need assistance, do not hesitate to reach out to info@globalyoungacademy.net.

See you soon.
